

Women as social leaders

WE SUPPORT ORANGE THE WORLD A GLOBAL CAMPAIGN WHICH
AIMS TO STOP VIOLENCE AGAINST WOMEN AND GIRLS
25TH NOVEMBER TO 16TH DECEMBER

Devised by The Orange Club UK, Women as Social Leaders is a transformative learning and coaching experience that energises aspiration in women who want to contribute to and change their local area.

Share your fabulous ideas, energy and gifts with other women from your neighbourhood and create genuine change together.

Draw on your valuable insight, shared resilience and collective awareness to foster a new future for the people who live alongside you.

Be a conscious and compassionate community leader who motivates and enables others to fulfil their potential.

It cultivates a new type of leader based on the best version of you and is delivered at the hearts of the neighbourhoods you wish transform.

Grub in our neighbourhood

Creating social space for women to connect is a vital and essential part of Women as Social Leaders, and we are delighted to announce our next gathering, Grub in Our Neighbourhood.

Grub in Our Neighbourhood fosters the ethos of sharing; sharing space, sharing food and sharing fabulous ideas with likeminded people living in your community.

Share your stories, aspirations and hopes for the place where you live.

- 1 Learn about the exciting transformational learning and development programme**
- 2 Bring food to share with other women from the neighbourhood**
- 3 Take time to explore the endless possibilities that unfold as a result of connecting with others in your neighbourhood.**
