

Grub In Our Neighbourhood

PART OF WOMEN AS SOCIAL LEADERS BY
THE ORANGE CLUB UK

Share your fabulous ideas, energy and gifts with other women from your neighbourhood and create genuine and lasting change together. Develop your own valuable insight, resilience and awareness to foster a new future for you and the people who live alongside you. Be a conscious, creative and compassionate community leader who grows, motivates and enables others to fulfil their limitless potential.

Created by The Orange Club, Women as Social Leaders is a transformative coaching experience that energises aspiration in women who want to change their lives and local area.

It cultivates a new type of leader based on the best version of you and is delivered at the hearts of the neighbourhoods you wish to transform.

So contribute, collaborate and create big change in you and your neck of the woods.

Grub in Our Neighbourhood fosters the ethos of sharing; sharing space, sharing food and sharing fabulous ideas with likeminded people living in your community.

Creating social space for women to connect is a vital and essential part of Women as Social Leaders, and we are delighted to announce our next gathering...

Grub in Our Neighbourhood

Share your stories, aspirations and hopes for the place where you live.

- 1** Learn about the exciting transformational learning & development programme.
- 2** Share food with other women from the neighbourhood.
- 3** Take time to explore the endless possibilities that unfold as a result of connecting with others in your neighbourhood.
